**A few days from now you will receive a short questionnaire in the mail for an important study being conducted by the City of Seattle.**

Your responses will help determine how Seattle residents access the internet and will guide City programs to provide digital access for all residents. To thank you for sharing your opinions, you will have a chance to **win one of six \$100 gift cards**. (Odds of winning approx. 1:360).

Your household is among a select few Seattle residents randomly selected to participate in this study, so your help is **critical to its success**.

We will send you a survey to complete and return in a postage paid envelope. We have also provided a link below where you can go online to participate. Completing the survey may take up to 15 minutes of your time.

**Access the survey at: [www.SeattleTechSurvey.com](http://www.SeattleTechSurvey.com)**
